Concept Note

As the world is budding at a breakneck speed the demand for customer services is increasing by leaps and bounds. Each and every individuals and business is engaged with a crowd of service provider to fulfill their requisites and frills.

An individuals or business today doesn't have access to an efficient always on single point service delivery channel from where they can opt/manage/pay for their required services.

Some of major issues currently being faced are

- Paying to business partner
- Limited access to service provider data
- Time and distance barriers
- Transparency on service costs
- Unlimited payment mode
- Service assessments
- Many more.....

E-Taxmitra is an answer to all the above

Etaxmitra.com seamlessly aggregates and processes a list of service providers to fulfill consumers day to day Recharge, Billing, Payment, Income and GST Tax and pan Card disbursement needs while at the same time having a proper insight into the consumer behavior and the user experience.

Business partner and service providers can also now leverage the power of this platform to securely bill consumers in a quick, hassle free and efficient mode.

The platform is open to individual, business partner and service providers.
